This comic is presented in its original Japanese right-to-left format, in order to preserve as much of the detail and orientation of the original artwork as possible. Readers unaccustomed to this "manga-style" order are welcome to download the Left-to-Right Edition of this comic.

But if you prefer authenticity or simply wish to have fun trying something new, all you need to do is start from the top-right panel of each page and work your way towards its lower left-hand corner. Please use the guide on the right to see an example of the reading order you will encounter:

To everyone in the community,
Unfortunately, I'm not very good with Linux,
so I can't help out like the veterans can.
For that reason, please accept this short story...
